12 form prescribed by the department that contains requirements not expressly described in this section is void to  
13 the extent that it purports to impose requirements not included in this section.

15 completed portions of the exemption form that are void under this subsection ~~(3)~~ (4).

17 medical exemption form for the purpose of granting or denying a medical exemption.

22 under this section has a disease or has been exposed to a disease listed in 20-5-403 or will as the result of  
23 school attendance be exposed to the disease, the person may be excluded from the school by the local health
