BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

**NEW SECTION. Section 1. Retired teacher induction and mentoring program.** (1) There is a statewide retired teacher induction and mentoring program administered by the office of public instruction. The purpose of the program is to support teachers who are new to the profession of teaching or are hired in a district where they have not worked before by matching the new teachers with former teachers who have retired after teaching in the same district.

(2) The board of trustees of a school district have the discretion to participate in the program on a case-by-case basis. To participate, the trustees shall match a new teacher in the district with a former teacher for a period of time not to exceed 3 months for the purposes of having the former teacher provide general support and guidance to the new teacher.

(3) (a) The district shall compensate the former teacher for participating in the induction and mentoring program by paying the former teacher on an hourly basis at a rate determined by taking the base pay for the district and dividing it by the number of contracted hours required by the collective bargaining agreement.

(b) The maximum amount of time that the former teacher may be compensated under this section is for 3 months, and the maximum number of hours for which the former teacher may be paid for induction and mentoring is 36 hours.

(c) The district shall certify to the superintendent of public instruction on a form provided by the

1 office of public instruction the participation of the former teacher and the hours the former teacher worked in the  
2 induction and mentoring program.

3 (4) The former teacher may support the new teacher in whatever capacity the trustees authorize,  
4 including but not limited to:

5 (a) observing the new teacher providing classroom instruction and giving feedback;

6 (b) providing the new teacher with general administrative support;

7 (c) familiarizing the new teacher with the policies and procedures in the district, the vendors and  
8 contractors that the district works with, and the budgets adopted by the district; and

9 (d) ensuring the new teacher is prepared with sufficient lesson plans, materials, and other  
10 equipment.

11 (5) For the purposes of this section, the following definitions apply:

12 (a) "Former teacher" means a teacher who was previously employed in a school district where a  
13 new teacher has been hired and has since retired and is now receiving payments from the teachers' retirement  
14 system.

15 (b) "New teacher" means a teacher who is newly hired in a school district where that teacher has  
16 not previously worked.

18 **NEW SECTION. Section 2. Appropriation.** (1) There is appropriated \$100,000 from the state  
19 general fund to the office of public instruction for each year of the biennium beginning July 1, 2025. The funds  
20 must be spent for the purposes of [section 1].

21 (2) On receipt of the information required from a school district under [section 1(3)(c)], the office of  
22 public instruction shall pay the district for the number of hours a former teacher participated in the induction and  
23 mentoring program, up to the maximum of 36 hours for each former teacher.

24 (3) The legislature intends that the appropriation in this section be considered part of the ongoing  
25 base for the next legislative session.
