Description of fiscal impact

HB 358 increases the full monthly pension benefit for the Volunteer Firefighters' Compensation Act (VFCA) for all retirees to \$200 per month.

FISCAL ANALYSIS**Assumptions****Public Employees Retirement Board**

1. A full pension benefit is provided to anyone who has worked 20 years of service.
 - a. HB 358 would change the full pension benefit from \$175 per month to \$200 per month for all retirees.
2. If a member continues active membership after completing 20 years the benefit would increase by \$7.50 per month for each additional year up to 30 years.
3. If a member continues to be a member after completing 30 years of credited service their benefit would be increased by \$7.50 per month for each additional year of credited service after 30 years if the pension trust fund is actuarially sound and the amortization period for any unfunded liabilities remains 20 years or less.
4. The 5% fire insurance premium tax would remain under 19-17-301, MCA.
5. This bill is effective July 1, 2025
6. All actuarial assumptions will be realized, including the investment return assumption of 7.30%. If assumptions are not met, the financial impact would change.
7. The projected funded ratio would be 100% by 6/30/2026. The table below illustrates the projected funded ratio assumptions of HB 358.

Projected Funded Ratio				
	6.30.2025	6.30.2026	6.30.2027	6.30.2028
Current Law	109.95%	115.81%	121.81%	127.88%
HB 358	96.50%	100.89%	105.34%	109.79%
