A person may not operate or give permission for the operation of any motorboat or sailboat on the waters of this state unless the motorboat or sailboat is numbered and displays a valid registration and validation decals decal in accordance with this part and applicable federal law or with a federally approved numbering system of another state and unless:

(a) the certificate of number assigned to the motorboat or sailboat is in effect;

(b) the identifying number set forth in the certificate of number and the valid license ~~decals~~

Section 3. Section 23-2-512, MCA, is amended to read:

"23-2-512. Identifying number. (1) The owner of each motorboat, sailboat, or personal watercraft requiring numbering by this state shall file an application for number in the office of the county treasurer in the county where the motorboat, sailboat, or personal watercraft is owned, on forms prepared and furnished by the department of justice. The application must be signed by the owner of the motorboat, sailboat, or personal watercraft and be accompanied by the fee prescribed in 61-3-321(10). Any alteration, change, or false statement contained in the application renders the certificate of number void. Upon receipt of the application in approved form, the county treasurer shall issue to the applicant a certificate of number prepared and furnished by the department of justice, stating the identifying number assigned to the motorboat, sailboat, or personal watercraft and the name and address of the owner. ~~Validation decals verifying the identifying number for each motorboat, sailboat, or personal watercraft must be issued along with the certificate of~~ The identifying number and must be displayed on the motorboat, sailboat, or personal watercraft.

~~(2) — The fine for failing to display the validation decals may not be more than the cost incurred by the justice's court.~~

~~(3) — The department may give only verbal or written warnings until December 31, 2007, for failing to display validation decals in an attempt to educate the boating public.~~

~~(4)~~(2) If the ownership of a motorboat, sailboat, or personal watercraft changes, a new application form with the certification fee must be filed within 40 days with the county treasurer and a new certificate of number assigned in the same manner as provided for in an original assignment of number. ~~New validation~~

decals must be issued simultaneously.

~~(5)(3)~~ If an agency of the United States government has in force a comprehensive system of identification numbering for motorboats in the United States, the numbering system employed pursuant to this part by the department of justice must be in conformity.

~~(6)—— A certificate of number and validation decals issued under this part are effective unless terminated or discontinued in accordance with the provisions of this part. All motorboats, sailboats, or personal watercraft already numbered must exhibit validation decals by December 31, 2005. All validation decals expire on February 28, 2008. Validation decals must be obtained by the expiration date at any regional office of the department or through the department website and are in effect for another 3-year period ending February 28, 2011. The requirement of renewal validation decals must continue in subsequent 3-year periods, and renewal validation decals must be identified by color in accordance with the federal numbering system. Except as provided in 23-2-511(2) and subsection (4) of this section, the operation of a motorboat, sailboat, or personal watercraft is prohibited without current validation decals.~~

~~(7)—— Validation decals must be approximately 3 square inches. The validation decals must be serially numbered in accordance with the federal numbering system and must be displayed on each side of the vessel.~~

The transfer, loss, theft, destruction, or abandonment terminates the certificate of number for the motorboat, sailboat, or personal watercraft. Recovery from theft or transfer of a part interest that does not affect the owner's right to operate the motorboat, sailboat, or personal watercraft does not terminate the certificate of number.

~~(9)(5)~~ A holder of a certificate of number shall notify the county treasurer within a reasonable time if the holder's address no longer conforms to the address appearing on the certificate and shall furnish the county treasurer with the new address. The department of justice may provide by rule for the surrender of the certificate bearing the former address and its replacement with a certificate bearing the new address or the alteration of an outstanding certificate to show the new address of the holder.

~~(10)(6)~~ (a) (i) The identifying number assigned must be painted on or attached to each outboard side of the forward half of the motorboat, sailboat, or personal watercraft or, if there are no sides, at a corresponding location on both outboard sides of the foredeck of the motorboat, sailboat, or personal watercraft.

(ii) _____ The identifying number assigned must read from left to right in Arabic numerals and block characters of good proportion at least 3 inches tall excluding border or trim of a color that contrasts with the color of the background and be so maintained as to be clearly visible and legible.

(iii) _____ The identifying number may not be placed on the obscured underside of the flared bow where it cannot be easily seen from another vessel or ashore.

(iv) _____ Numerals, letters, or devices other than those used in connection with the identifying number issued may not be placed in the proximity of the identifying number. Numerals, letters, or devices that might interfere with the ready identification of the motorboat, sailboat, or personal watercraft by its identifying number may not be carried in a manner that interferes with the motorboat's, sailboat's, or personal watercraft's identification.

(v) _____ A number other than the identifying number assigned to a motorboat, sailboat, or personal watercraft or granted reciprocity under this part may not be painted, attached, or otherwise displayed on either side of the forward half of the motorboat, sailboat, or personal watercraft.

(vi) _____ A registration decal issued under this part must be placed next to the identifying number located on the left side of a motorboat, sailboat, or personal watercraft or, if there are no sides, at the corresponding location on the left outboard side of the foredeck of the motorboat, sailboat, or personal watercraft. ~~The validation decal must be placed immediately aft of the registration decal on the left side and immediately aft of the identifying number on the right side of a motorboat, sailboat, or personal watercraft.~~

(b) The certificate of number must be pocket size and available to federal, state, or local law enforcement officers at all reasonable times for inspection on the motorboat, sailboat, or personal watercraft whenever the motorboat, sailboat, or personal watercraft is on waters of this state.

(c) Boat liveries are not required to have the certificate of number on board each motorboat, sailboat, or personal watercraft, but a rental agreement must be carried on board livery motorboats, sailboats, or personal watercraft in place of the certificate of number.

~~(14)(7)~~ An owner of a motorboat, sailboat, or personal watercraft shall within a reasonable time notify

the department of justice, giving the motorboat's, sailboat's, or personal watercraft's identifying number and the owner's name if the motorboat, sailboat, or personal watercraft is transferred, lost, destroyed, or abandoned or within 60 days after a change of the state of principal use or if a motorboat becomes documented as a vessel of the United States.

~~(12) The department shall reimburse the department of justice for any programming costs necessary to implement the provisions of this section that are incurred in fiscal year 2005."~~

Section 4. Section 23-2-524, MCA, is amended to read:

"23-2-524. Passing rule and right-of-way. (1) When two vessels are approaching each other "head on" or nearly so ~~(so as to involve risk of collision)~~, each vessel shall bear to the right and pass the other vessel on its left side to avoid the risk of collision.

(2) When vessels approach each other obliquely or at right angles, the vessel ~~approaching on the right side has the right-of-way that has the other vessel on the starboard side shall keep out of the way and~~ shall, if the circumstances of the case require, avoid crossing ahead of the other vessel.

(3) ~~One vessel may overtake another on either side but shall grant right-of-way to the overtaken vessel~~ A vessel overtaking another vessel shall keep out of the way of the vessel being overtaken.

(4) When a sailboat and motorboat are operating as to involve a risk of collision with each other, the motorboat shall yield ~~the right-of-way~~ to the sailboat in all cases."

Section 5. Section 23-2-525, MCA, is amended to read:

"23-2-525. Restricted areas. (1) A person may not anchor a vessel or ~~other place another~~ obstacle ~~for fishing or pleasure purposes~~ on any body of water over which the state has jurisdiction in a position that obstructs a passageway ordinarily used by other vessels.

(2) A person may not operate a pleasure vessel within 20 feet of the exterior boundary of a water area that is clearly marked by buoys or some other distinguishing device as a bathing or swimming area. Swimming areas must be marked with white buoys having international orange markings in conformance with the uniform state waterway marking system by the owners of the areas.

(3) A person may not operate a vessel within 75 feet of a person engaged in fishing or hunting

waterfowl, unless unavoidable. If unavoidable, the vessel must be operated at not greater than no-wake speed or at a minimum speed necessary to maintain upstream progress while within 75 feet of the person engaged in fishing or hunting waterfowl.

(4) (a) A person may not purposely, knowingly, or negligently operate a motorboat upon the waters of this state within 200 feet of a tow-float or buoy displaying a "diver-down" symbol, red with a white slash, on a flag.

(b) The motorboat may enter the 200-foot safety zone by use of sail or oar. In an emergency or if there is insufficient water on either side of the 200-foot safety zone to pass by and stay out of the zone, the operator may use power within the zone but may not exceed no-wake speed. The burden of proving that an emergency exists or that there is insufficient water is on the operator.

(c) The fish and wildlife commission may by rule determine areas where establishment of a 200-foot safety zone is not allowed in order to provide for diver safety or the regulation of water traffic."

Section 6. Section 23-2-527, MCA, is amended to read:

"23-2-527. Collisions, accidents, and casualties. (1) The operator of a vessel involved in a collision, accident, or other casualty, so far as the operator can do so without serious danger to the operator's own vessel, crew, and passengers, shall render to other persons affected by the collision, accident, or other casualty assistance that may be practicable and that may be necessary in order to save them from or minimize any danger caused by the collision, accident, or other casualty. The operator shall give the operator's name, address, and identification of the operator's vessel in writing to any person injured and to the owner or person in control of any property damaged in the collision, accident, or other casualty.

(2) The department shall prepare and distribute to each sheriff's office and each game warden of this state a standardized accident report form. A person involved in a collision, accident, or other casualty involving a death, disappearance, personal injury, or property damage in excess of \$100-~~\$2,000~~ shall immediately report the collision, accident, or other casualty to the sheriff's office or game warden of the county in which the collision, accident, or casualty occurred and fill out a standardized accident report form.

(3) A sheriff advised of a collision, accident, or other casualty reported under this part shall:

(a) conduct an appropriate investigation of the collision, accident, or other casualty; and

(b) prepare and submit a report of the results of the investigation, together with the completed standardized accident report forms, to the department."

Section 7. Section 23-2-531, MCA, is amended to read:

"23-2-531. Personal watercraft operation. In addition to applicable provisions in this part, a person may not operate a personal watercraft:

- (1) unless a person operating or riding on the vessel is wearing a United States coast guard approved type I, II, III, ~~or V~~ of personal flotation device;
- (2) if the vessel is equipped by the manufacturer with a lanyard type engine cutoff switch unless the lanyard is attached to the operator's person, clothing, or personal flotation device as is appropriate for the specific vessel;
- (3) (a) except as provided for standup personal watercraft in subsection (3)(b) or when towing a waterskier from or to a dock or shore, at greater than no-wake speed within 200 feet of a dock, swimmer, swimming raft, nonmotorized boat, or anchored vessel on a lake or river;

(2) The department may use the funds to match available federal funds to the extent possible. ~~Expenditure of funds must be made after consideration of recommendations by the boating advisory council."~~
