2 12 years of age or older, the department or a public safety communications officer shall immediately report the
3 allegation to the county attorney of the county in which the acts that are the subject of the report occurred.

4 (ii) If a victim of sexual abuse or sexual exploitation has attained the age of 14 and has sought
5 services from a contractor as described in 41-3-201(2)(j) that provides confidential services to victims of sexual

25 independent, corroborative, and attributable information indicating that there exists a current risk of physical or
26 psychological harm to the child, a child may not be removed from the living arrangement. If independent,
27 corroborative, and attributable information indicating an ongoing risk results from the initial investigation, the

If the child is treated at a medical facility, the child protection specialist, county attorney, or peace officer, consistent with reasonable medical practice, has the right of access to the child for interviews, photographs, and securing physical evidence and has the right of access to relevant hospital and medical records pertaining to the child. (4) Subject to 41-3-205(3), if the child's interview is audiotaped or videotaped, an unedited audiotape or videotape with audio track must be made available, upon request, for unencumbered review by the family.

(5) (a) If from the safety and risk assessment the department has reasonable cause to suspect that the child is suffering abuse or neglect, the department may provide emergency protective services to the child, pursuant to 41-3-301, or enter into a written prevention plan, pursuant to 41-3-302, and may provide protective services to any other child under the same care. The department shall:

(i) after interviewing the parent or guardian, if reasonably available, document the determinations of the safety and risk assessment; and

(ii) notify the child's family of the determinations of the safety and risk assessment, unless the notification can reasonably be expected to result in harm to the child or other person.

(b) Except as provided in subsection (5)(c), the department shall destroy all safety and risk assessment determinations and associated records, except for medical records, within 30 days after the end of the 3-year period starting from the date of completion of the safety and risk assessment.

(c) Safety and risk assessment determinations and associated records may be maintained for a reasonable time as defined by department rule under the following circumstances:

(i) the safety and risk assessment determines that abuse or neglect occurred;

(ii) there had been a previous or there is a subsequent report and investigation resulting in a safety and risk assessment concerning the same person; or

(iii) an order has been issued by a court of competent jurisdiction adjudicating the child as a youth in need of care based on the circumstances surrounding the initial allegations.

(6) The investigating child protection specialist, within 60 days of commencing an investigation, shall also furnish a written safety and risk assessment to the department and, upon request, to the family. Subject to time periods set forth in subsections (5)(b) and (5)(c), the department shall maintain a record system documenting investigations and safety and risk assessment determinations. (1) (a) Upon receipt of a report that a child is or has been abused or neglected, ~~the department~~ a public safety communications officer shall promptly assess the information contained in the report and make a determination regarding the level of response required and the timeframe within which action must be initiated.

(b) A public safety communications officer shall immediately transmit an audio recording of the report and any information or data related to the report to the department using the procedure established by administrative rule. The transmission shall include:

- (i) the information required under 41-3-201(7);

and

1 (v) all other information available to the public safety communications officer related to the report.

2 (b)(c) (i) Except as provided in subsections ~~(1)(b)(ii)~~ (1)(c)(ii) and ~~(1)(b)(iii)~~ (1)(c)(iii), upon receipt of a
3 report that includes an allegation of sexual abuse or sexual exploitation when the alleged perpetrator of the
4 sexual abuse or sexual exploitation was 12 years of age or older or if the department determines during any
5 investigation that the circumstances surrounding an allegation of child abuse or neglect include an allegation of
6 sexual abuse or sexual exploitation when the alleged perpetrator of the sexual abuse or sexual exploitation was
7 12 years of age or older, a public safety communications officer or the department shall immediately report the
8 allegation to the county attorney of the county in which the acts that are the subject of the report occurred.

9 (ii) If a victim of sexual abuse or sexual exploitation has attained the age of 14 and has sought
10 services from a contractor as described in 41-3-201(2)(j) that provides confidential services to victims of sexual
11 assault, conditioned upon an understanding that the criminal conduct will not be reported by the department to
12 the county attorney in the jurisdiction in which the alleged crime occurred, the department may not report
13 pursuant to 41-3-205(5)(d) and subsection ~~(1)(b)(i)~~ (1)(c)(i) of this section.

14 (iii) If a public safety communications officer, the department, or law enforcement determines that
15 the allegation involves the county attorney or an employee in the county attorney's office in the county in which
16 the acts that are subject to reporting occurred, the department or law enforcement shall report as required in
17 subsection ~~(1)(b)(i)~~ (1)(c)(i) to the attorney general.

22 the child. The safety and risk assessment may include an investigation at the home of the child involved, the
23 child's school or day-care facility, or any other place where the child is present and into all other nonfinancial
24 matters that in the discretion of the investigator are relevant to the safety and risk assessment. In conducting a

27 ascertain eligibility for state or federal assistance programs or to comply with the provisions of 41-3-446.

28 (2) An initial investigation of alleged abuse or neglect may be conducted when an anonymous

1 report is received. However, if the initial investigation does not within 48 hours result in the development of
2 independent, corroborative, and attributable information indicating that there exists a current risk of physical or
3 psychological harm to the child, a child may not be removed from the living arrangement. If independent,
4 corroborative, and attributable information indicating an ongoing risk results from the initial investigation, the
5 department shall then conduct a safety and risk assessment.

7 the child is treated at a medical facility, the child protection specialist, county attorney, or peace officer,
8 consistent with reasonable medical practice, has the right of access to the child for interviews, photographs,
9 and securing physical evidence and has the right of access to relevant hospital and medical records pertaining
10 to the child. If an interview of the child is considered necessary, the child protection specialist, county attorney,
11 or peace officer may conduct an interview of the child. The interview may be conducted in the presence of the
12 parent or guardian or an employee of the school or day-care facility attended by the child.

14 audiotape or videotape with audio track must be made available, upon request, for unencumbered review by
15 the family.

16 (5) (a) If from the safety and risk assessment the department has reasonable cause to suspect that
17 the child is suffering abuse or neglect, the department may provide emergency protective services to the child,
18 pursuant to 41-3-301, or enter into a written prevention plan, pursuant to 41-3-302, and may provide protective
19 services to any other child under the same care. The department shall:

20 (i) after interviewing the parent or guardian, if reasonably available, document the determinations
21 of the safety and risk assessment; and

22 (ii) notify the child's family of the determinations of the safety and risk assessment, unless the
23 notification can reasonably be expected to result in harm to the child or other person.

24 (b) Except as provided in subsection (5)(c), the department shall destroy all safety and risk
25 assessment determinations and associated records, except for medical records, within 30 days after the end of
26 the 3-year period starting from the date of completion of the safety and risk assessment.

27 (c) Safety and risk assessment determinations and associated records may be maintained for a
28 reasonable time as defined by department rule under the following circumstances:

2 (ii) there had been a previous or there is a subsequent report and investigation resulting in a
3 safety and risk assessment concerning the same person; or

4 (iii) an order has been issued by a court of competent jurisdiction adjudicating the child as a youth
5 in need of care based on the circumstances surrounding the initial allegations.

6 (6) The investigating child protection specialist, within 60 days of commencing an investigation,
7 shall also furnish a written safety and risk assessment to the department and, upon request, to the family.

8 Subject to time periods set forth in subsections (5)(b) and (5)(c), the department shall maintain a record system
9 documenting investigations and safety and risk assessment determinations. Unless records are required to be
10 destroyed under subsections (5)(b) and (5)(c), the department shall retain records relating to the safety and risk
11 assessment, including case notes, correspondence, evaluations, videotapes, and interviews, for 25 years.

12 (7) Any person reporting abuse or neglect that involves acts or omissions on the part of a public or
13 private residential institution, home, facility, or agency is responsible for ensuring that the report is made to the
14 department.

15 (8) The department shall, upon request from any reporter of alleged child abuse or neglect, verify
16 whether the report has been received, describe the level of response and timeframe for action that the
17 department has assigned to the report, and confirm that it is being acted upon."
