FISCAL ANALYSIS

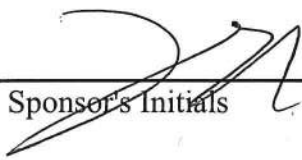

Assumptions

Office of Public Instruction

1. HB 266, as three times amended, clarifies the Superintendent of Public Instruction or the Governor are not limited to a 3% cap when recommending inflation adjustments for school funding during budgeting.
2. This bill requires the Superintendent to report to the Education Interim Budget Committee, the Education Interim Committee, and the Legislative Finance Committee in even numbered years beginning in FY 2026. The report is to include various K-12 funding information and inflation information as prescribed.
3. HB 266, as amended in Senate Education and Cultural Resources Committee, adds coordination language that if both SB 258 and HB 266 are passed and approved, SB 258 is void.

Legislative Branch

4. This is part of normal duties of legislative committees. There is no fiscal impact to the Legislative Branch.
