Description of fiscal impact

HB 640 revises participation in the Firefighters' Retirement System to include airport authority public safety employees.

FISCAL ANALYSIS

Assumptions

Public Employees Retirement Board

- 1. HB 640 adds a "Public safety officer" definition under 19-13-104, MCA, as "a person employed both as a full-paid firefighter and a sworn peace officer position by an airport authority employer."
- 2. Under 19-13-604, MCA the state shall make contributions from the general fund each fiscal year to the Firefighters Retirement System (FURS) in the amount of 32.61% of compensation paid to members.
- 3. Based on the most recent FURS valuation dated 6/30/2024 the average annual salary was \$86,155.
- 4. State contribution of 32.61% of covered payroll would be a cost of \$28,095 per new member (\$86,155*32.61%=\$28,095).
- 5. Assumptions anticipate only 13 new members would participate. Should more members join the impact to the general fund would increase.
- 6. Payroll is assumed to grow by 3.25% each year.
- 7. If all assumptions are met there will be no actuarial impact to the system.
- 8. The bill is effective July 1, 2025.

Fiscal Analysis Table
